Nail Education Day 2019

Thursday 19 September 2019
Queens Hotel, Cheltenham, UK

We are delighted to invite you to Cheltenham and to the British Hair and Nail Society Nail Education Day 2019.

Cheltenham is an attractive city which has been dubbed Britain's most complete Regency Town. The town centre is bursting with Regency and historic charm, from its Montpellier shopping district, to its iconic Pittville Pump Room, and is home to many great shops, restaurants and bars. Cheltenham also benefits from its close proximity to the Cotswolds, an area of almost 800 square miles which has been designated an Area of Outstanding Natural Beauty.

The British Hair and Nail Society Nail Education Day will take place across one day. We are delighted to have both national and international experts in their field confirmed as speakers. The day will cover the following themes: nail lesions; inflammatory nail disease; nail surgery and histopathology of nail disease.

We have also introduced an *'Ask the Experts' clinical cases from delegates* session where delegates can submit cases for discussion at the meeting. More information can be found on the event's website.

Please note: there are a limited number of places available and registration will initially be open for Consultants only. Registration will then be open (subject to availability) to SAS/ SpR and then subsequently to GPwERs , GP and junior doctors. For further information please visit the event's website.
